Diego Ramirez Hair Transplant Pre-op Packet

Demo status: this is a realistic notional packet for the work trial, not a verified clinic document. Eve may use it for demo pre-op reference behavior because it is marked answer_reference, but the dashboard should show demo_notional.

PATIENT SNAPSHOT

Patient: Diego Ramirez Procedure: FUE hair transplant Destination: Tijuana, Mexico Clinic: Clinica Capilar Pacifico
Hotel: Grand Hotel Tijuana

BEFORE THE PROCEDURE

- Avoid aspirin, ibuprofen, and other blood thinners for 7 days before the procedure.
- Avoid alcohol for 3 days before the procedure.
- Stop nicotine for at least 1 week before the transplant.
- Wash your hair the morning of the procedure with regular shampoo.
- Do not apply hair product on procedure day.
- Wear a button-up shirt so nothing needs to be pulled over your head afterward.
- Eat a normal breakfast the morning of the procedure unless told otherwise; this notional FUE case is performed under local anesthetic.

TRAVEL AND LOGISTICS

- Arrive San Diego (SAN) Jun 20, 11:15.
- Cross-border pickup is scheduled for 12:00 at SAN arrivals, Door 3.
- Driver: Luis Herrera, +52 664 123 0099.
- Hotel confirmation: GHT-770133.
- Clinic confirmation: CCP-FUE-1180.

EVE BOUNDARY

Any post-op graft-care question, medication decision, unusual bleeding, infection concern, or recovery question escalates. The clinic provides post-op washing and graft-care specifics after the procedure.
